The IAPD Biennial Congress

The biennial **International** Congress is the most important event of the IAPD, both academically and socially.

The scientific program enables IAPD members to present their academic work to a widely international audience. The Congress also provides a great opportunity for dental professionals, to meet and exchange information in the field of pediatric dentistry. More than 1500 pediatric dentists from around the globe attended the most recent IAPD Congress.

Maastricht

Maastricht is an appealing city situated in the southeast of The Netherlands.

Thanks to its location at the crossroads of The Netherlands, Belgium, and Germany it is often addressed as the center of Europe.

With its Roman history and maze of tunnels, Maastricht is a member of the "Most Ancient European Towns Network", offering a wide range of cultural activities and sights to explore during your visit.

However, the city is not just about history. With its lively nightlife, beautiful cafés, markets, shopping areas and nearby vineyards, Maastricht caters to everyone's needs.

Do not miss out on this opportunity to relax on a boat trip on the Meuse and experience the city's culinary hotspots. Please join us at IAPD 2023.
